### E. Link Wheel Service

Today link wheel is the buzzword in website link building industry. This is one of the best ways of building links in the most natural way and Google will love your website just for that. Link wheel is certainly the most powerful way of making use of the power of multiplication to build links for your website.

Link wheels are nothing but a group of websites that are interconnected which try to improve the ranking of a target website by linking to target website. For example if you have 50 websites in your link wheel and the website you are targeting is "yourdomain.com", then:  
Site 1 links to Site 2 and back to the "yourdomain.com"  
Site 2 links to Site 3 and back to the "yourdomain.com"  
Site 3 links to Site 4 and back to the "yourdomain.com" etc
